§ 300.26 Pile fabrics and products composed thereof.

The fiber content of pile fabrics or products made thereof may be stated in the label or mark of identification in such segregated form as will show the fiber content of the face or pile and of the back or base, with the percentages of the respective fibers as they exist in the face or pile and in the back or base: *Provided*, That in such disclosure the respective percentages of the face and the back be given in such manner as will show the ratio between the face and the back. Examples of the form of marking pile fabrics as to fiber content provided for in this section are as follows:

100% Wool Pile
100% Cotton Back
(Back constitutes 60% of fabric and pile 40%)
Pile—60% Recycled Wool, 40% Wool
Back—70% Cotton, 30% Rayon
(Pile constitutes 60% of fabric and back 40%).

§ 300.27 Wool products containing superimposed or added fibers.

Where a wool product is made wholly of one fiber or a blend of fibers with the exception of an additional fiber in minor proportion superimposed or added in certain separate and distinct areas or sections for reinforcing or other useful purposes, the product may be designated according to the fiber content of the principal fiber or blend of fibers, with an excepting naming the superimposed or added fiber, giving the percentage thereof in relation to the total fiber weight of the principal fiber or blend of fibers, and indicating the area or section which contains the superimposed or added fiber. An example of this type of fiber content disclosure, as applied to products having reinforcing fibers added to a particular area or section, is as follows:

55% Recycled Wool
45% Rayon
Except 5% Nylon added to toe and heel

§ 300.28 Undetermined quantities of reclaimed fibers.

(a) Where a wool product is composed in part of various man-made fibers recovered from textile products containing undetermined qualities of such fibers, the percentage content of the respective fibers recovered from such products may be disclosed on the required stamp, tag, or label, in aggregate form as “man-made fibers” followed by the naming of such fibers in the order of their predominance by weight, as for example:

60% Wool
40% Man-made fibers
Rayon
Acetate
Nylon

(b) Where a wool product is composed in part of wool, or recycled wool and in part of unknown and, for practical purposes, undeterminable non-woolen fibers reclaimed from any spun, woven, knitted, felted, braided, bonded or otherwise manufactured or used product, the required fiber content disclosure may, when truthfully applicable, in
